

Perpich Arts High School SchoolView Acceptable Use Policy for students

SchoolView access is available to every student enrolled at the Perpich Arts High School at no cost. SchoolView is a key communication tool for students and teachers. Access to SchoolView allows students to view their own attendance record, class schedule, cafeteria balance, grades and homework assignments. Students are expected to use SchoolView in a responsible, ethical and legal manner.

Users of SchoolView are required to adhere to the following expectations:

1. Students **will not share their passwords** with anyone.
2. Students will not attempt to harm or destroy their own data or data of another user, school or district network.
3. Students will not use SchoolView for any illegal activity, including violation of data privacy laws. Violating laws subjects students to civil and/or criminal prosecution.
4. Students will not access data or any account owned by another student or parent.
5. Students who identify a security problem with SchoolView must notify arts high school administration immediately, without demonstrating the problem to anyone else.
6. Students who are identified as a security risk to the SchoolView program or arts high school computers or networks will be denied access to SchoolView.

You will be provided the required access code and instructions needed to set up your account the first week of school. An access code cannot be provided until this agreement is on file at Perpich. Please return this signed form **by June 30, 2013** to:

Perpich Arts High School, ATTN: Antwan Harris, Assistant Principal, 6125 Olson Memorial Highway, Golden Valley, MN 55422

I have read the SchoolView Acceptable Use Policy, and I agree to abide by and support these rules. I understand that if I violate any term(s) of this Acceptable Use Policy, I may lose my privilege to use SchoolView and I may be liable for civil and/or criminal consequences.
